

Bridging the Gap Between Planned Work and Executable Work

Execution Readiness • Operational Continuity • Governance Integration

1. Task → 2. Document → 3. Review → 3. Action + 4. Readiness

Connecting Planning, Governance and Field Execution

PLATFORM

Mine Construction • Operations • Shutdowns • Expansion Projects

Current Reality

- Schedule approved
- Drawings issued
- Dashboard green
- Work still delayed

Because of:

- Access restrictions
- Equipment availability
- Permits
- Ventilation
- Outstanding reviews
- Unresolved risks
- Unresolved decisions

ShiftersNotebook

- Improved execution readiness visibility
- Improved governance traceability
- Enhanced shift continuity
- Linked governance to execution
- Shared operational visibility

Currently Seeking

- ✓ Pilot Partners
- ✓ Demonstration Opportunities
- ✓ Industry Collaboration
